TURBOMINDZ — Where Wisdom Meets Canvas
turbomindz.com
━━━━━━━━━━━━━━━━━━━━━━━━━━━━━━━━━━━━━━━━━━━━━━━━━━━━━━━━━━━━

Write all 39 universe postcards using the full universe list from
the Turbomindz Bible (U1 Alchemical Renaissance through U39 The Village).
Each "poetic description" should be unique and evocative — like
something you'd write on a postcard from that world.

Examples:
U1: "The gold never tarnishes here. Neither does the truth."
U6: "Every angle is a prayer. Every pattern is an answer."
U39: "The neon reads 'CREATE.' The Village writes back."
```

After Claude generates:

1. □ Design postcard template in Canva (6×4 inches, front + back)
2. □ Use existing NFT scenes or Midjourney-generated universe images for fronts
3. □ Create 39 postcards □ Export as printable PDF
4. □ Upload to Gumroad □ $4
5. □ Upload to Etsy □ $4.49

Task 2.4: "Character Sticker Sheet" (digital) — $2 (1 hr)

MIDJOURNEY PROMPTS — 20 sticker designs (4 characters × 5 expressions):

```
PROMPT MJ-STICKER-COSMO-01:
Cosmo the astronaut claymation character chibi sticker style,
excited expression with stars in eyes, orange boots, fishbowl helmet,
die-cut sticker shape, white border, transparent background,
```

```
cute kawaii style meets claymation, simple clean --ar 1:1 --v 7 --s 200
PROMPT MJ-STICKER-COSMO-02:
Cosmo the astronaut claymation chibi sticker, thinking pose
with finger on chin, curious expression, question mark floating
above head, die-cut sticker shape, transparent background
--ar 1:1 --v 7 --s 200
```

Create variations for each character:

- **Cosmo:** Excited, Thinking, Surprised, Determined, Waving
- **Nova:** Wise, Pattern-seeing (with orbs), Calm, Teaching, Floating
- **Stella:** Happy, Building, Celebrating, Welcoming, Laughing
- **Luna:** Mysterious, Sketching, Observing, Quiet smile, Walking away

After generating all 20:

1. □ Remove backgrounds (use remove.bg or Canva background remover)
2. □ Arrange all 20 on one sheet in Canva □ Export as PNG (transparent)
3. □ Also export individual stickers as separate PNGs □ ZIP
4. □ Upload to Ko-fi □ $2
5. □ Upload to Gumroad □ $2
6. □ Upload to Etsy □ $2.49

Task 2.5: "The Fade Bookmark Collection" (10 bookmarks) — $2 (1 hr)

CLAUDE PROMPT:

```
Write text content for 10 printable bookmarks from the Turbomindz
"Fade Bookmark Collection."

Each bookmark features a scene from the story with a philosophical quote.

For each bookmark (10 total):

FRONT:
[IMAGE PLACEHOLDER — NFT scene]
Scene TM-[ID]

BACK:
"[Public domain philosophical quote]"
— [Author]

[One-line Cosmo observation about this quote]

TURBOMINDZ
turbomindz.com

Select 10 quotes that represent the breadth of the 9 themes.
Include at least one quote from each of these: Socrates, Lao Tzu,
Rumi, Nietzsche, Marcus Aurelius, Rilke, William James, Gibran, Aristotle, Seneca.

Each Cosmo observation should be personal and wonder-filled,
not academic. Examples:
```

```
"I read this three times and it meant something different each time."
"Nova says this is obvious. I say it's everything."
```

After Claude generates:

1. □ Design bookmark template in Canva (2×6 inches, front + back)
2. □ Use NFT scene images for fronts
3. □ Create 10 bookmarks □ Export as printable PDF (4 per page)
4. □ Upload to Etsy □ $2.49
